

MAZATLAN CRUISER GUIDE

The best way to find something you need is to ask someone who knows.

In addition to this guide, the Morning Cruiser's Net is an excellent source of information. The Net is conducted each morning, Monday through Saturday, at 8:00 AM on VHF Channel 72. Should you need help, someone listening is likely to have useful information or a suggestion as to where and how to resolve your need.

The good mariners of Mazatlan have allowed the cruisers the use of their traditional communication VHF Channel 72 for the Morning Cruiser's Net as well as the use of the channel for **calling** and **hailing** throughout the day.

Please use Channel 72 respectfully...

The Mexican Navy, Port Captain and Marina Security use Channels 1 through 20. Your compliance in **not using these channels for public communication** is greatly appreciated. Be advised that at times, some VHF radios will "bleed" over into Channel 72 from Channels 71 and 73 which can be very irritating. It is recommended that you use "low power" when talking on Channels 71 and 73 to help alleviate this problem.

Internet resources available for cruisers and locals alike which have been found to be very helpful are: www.mazatlanlife.com, www.mazatlanmycity.com, www.MazInfo.com, www.mazmessenger.com, www.Maz-Amor.com, and www.WhatsUpMaz.org.

YOU as cruisers are this guide! Thus, if you have anything to add or subtract to this cruiser resource please let me know.....by email.

merchcodsstyler@gmail.com

In the past the guide was printed but to be more environmentally responsible we can now share on the internet. Any profits made from the print version sent food to various charities here, so please if you see where you can lend a helping hand as a group of caring folk we ask for your generosity to whomever you choose! **Credit should go to George and Jackie of "SHAMROCK" who have done so many good deeds for many folk and headed up the printed production of this guide for many years.**

PLACES TO VISIT—Mazatlan

<http://marina-mazatlan.com>

Historical District:

The **Mazatlan Historical District** is located between the main harbor and the ocean beaches (“*Muelles*” and the “*Playa*”). “Old Town” or el *Centro Historico*, is comprised of many well-preserved buildings of colonial architecture and offers a wide array of good restaurants, bars, and shopping delights. The center of the district is marked by the Cathedral, the Central Market or *Mercado Pino Suarez*, and the lovely heart of the restored historic district, Plazuela Machado.

Teatro Angela Peralta:

The original **Angela Peralta Theater** was built between 1869 and 1874. In 1992 restoration began to transform the near ruins to the stunningly beautiful theater which now hosts year-around musical, theatrical, operatic and dance performances by students as well as world class entertainers. Advance ticket purchase is recommended as the various productions are frequently ‘sold out’. Daytime visitors are welcomed; a small donation is strongly suggested. A photo gallery of the restoration of the theater is provided on the second level. The Angela Peralta Theater is located on Carnaval Street, three blocks from the Cathedral, bordering the Plazuela Machado. Visit: www.culturamazatlan.com/index for more information.

Museo de Arqueologia

The **Archeological Museum**, recently re-inaugurated, offers the opportunity to admire the impressive collection of artifacts from Sinaloa with some 500 years of antiquity. The Museum includes exhibition rooms for temporary art display. A specialized bookstore offers regional history and art for those with particular interests. It is located in the Historical Center two blocks east of Olas Altas (“the Malecon”) on Sixto Osuna Street, and is open Tuesday through Sunday from 10:00 AM to 1:00 PM and from 4:00 PM to 7:00 PM. Stop at Macaw’s for breakfast, lunch or dinner across the street.

Museo de Arte

Displaying the works of both national and international artists, the **Art Museum** also houses a cafeteria, bookstore and a small workshop where children can participate and display their own painting ability. The **Art Museum** is located across the street from the Archeological Museum.

Plazuela Machado

Plazuela Machado (**Plaza Machado**) is a beautiful park surrounded by nineteenth century buildings. An iron-forged gazebo, located in the center of the park, provides a venue for musical and cultural shows. Book fairs and Food fairs are also held at the Plaza Machado. Many sidewalk restaurants and bars surround the plaza offering regional dishes for gastronomical delights and musical entertainment.

Catedral Basilica de la Purisima Concepcion:

Building began in 1856 and was completed in 1899 on the filled lagoon site of an original Indian Temple. Open daily 6 AM – 1 PM and 4 PM – 8 PM

PLACES TO VISIT—Mazatlan

Acuario de Mazatlan

The Mazatlan Aquarium, located one block east of the *malecón*, is well worth the visit. The Sea Lions entertain daily along with many surprising exhibitions, including many indigenous sea life and alligators.

El Faro Lighthouse at Cerro del Crestón

Towering over the Old Harbor is *El Faro*, the second-highest manned lighthouse in the world, with a beacon visible for 30 nautical miles. At 477 feet above water, 523 feet, or a 30 minute walk to the top at sunrise, sunset or anytime is rewarded with a spectacular vista. Be sure to bring water and a camera, you'll love the view.

Isla de la Piedra

Stone Island is located on the south side of the inlet to the Old Harbor and is a long peninsula home to several local residents and a quaint hotel. The island is accessed by *panga* boats leaving from two points. Round trip fare is \$20 pesos per person.

Plan on spending at least 3 hours while on Stone Island. The beach is pristine with a wide variety of sea shells to collect, including star fish. Locals often go to this beach to play bocce ball or bring along a game of Mexican Train. There are several restaurants which provide shade, an ice cold *cerveza*, food; bathrooms and showers are available at some restaurants. Los Chivos is a good place to have pizza and Letties has wonderful homemade tortillas and fresh shrimp. The surf is gentle and there are virtually no rocks or coral making for a pleasant, barefoot day at the beach.

Other Points of Interest:*from South to North on the Malecón*

Pedro Infante Monument: Monument dedicated to Mazatlan-born, beloved Mexican singer and actor, Pedro Infante.

Escudos de Sinaloa y Mazatlan – State and City Coat of Arms Monument

Caverna del Diablo – Devil's Cave: Served as an escape route for soldiers guarding the ammunition stored in caves farther up the hill.

Punta de Clavadistas – Diver's Point. Professional divers perform daily.
Located on the Malecon at Av. Zaragoza.

Fisherman's Monument: Mazatlan's Fishermen Monument

Monumento al Venado– Monument to the Deer

Monumento Mujer Mazatleca – Monument to the Women of Mazatlan

Continuity of Life Sculpture: Monument to the Continuation of Life

Monumento Pulmonia: Original *pulmonia* introduced in Mazatlan in 1974.

PLACES TO VISIT - South/East of Mazatlan

Rosario

Home of The Church of Our Lady of the Rosary. The beautiful edifice is made of gold. The etchings in its façade relate the story of the economic boom brought to the area by silver mining. The Lola Beltran Museum and the hanging bridge over the Iguanero Lagoon are two more attractions to visit in Rosario, located 30 km south of Mazatlan on Highway 15.

Concordia

A colonial village founded centuries ago by the Spaniards hosts local woodworking and furniture artisans and clay potters. A lovely old church with incredible mosaics lends to the magic of past years. Concordia is located on Hwy 40 20 km past the airport to Villa Union and then 10 km east on the road to Durango.

Mesillas:

Beautiful hand-crafted furniture shops abound in this newly modernized town. The old town of Mesillas combined with new shops caters to shoppers looking to purchase quality furniture. Turn east just after the Pemex station and follow the signs 5 km to Mesillas.

Malpica:

A charming pueblo just a few kilometers past Concordia. Be careful not to miss the two roads entering the town. In the center of town is the traditional town square where fiestas are held; it also serves as the town playground for basketball, etc. A quaint bakery is just a few doors down the street (past the *taqueria*) and the entry is through the family's living room. Don't pass up the opportunity to purchase some of the best bread and cookies in the area.

Copala:

A colonial town founded in 1565, Copala is head to the Sierra Madre Mountains and old colonial mining towns. Cobblestone streets and homes with red-tiled roofs create a warm community environment. Daniel's Restaurant and Hotel were made famous in 1968 in National Geographic magazine. Under the restaurant, a mine is still open to the public to tour. Chalva's Restaurant and The Butter Company are 2 more fun restaurants in town. A local artist, Luigi, creates the most intriguing leather masks in his shop on the southeast corner of the center plaza. Visit the San Jose church built in the early 1600's. Copala is located another 25 km past Malpica on Hwy 40.

Pánuco:

Panuco was a thriving gold and silver mining town at it's height 300-400 years ago. Now, almost a ghost town, there remains only a small, quiet community. Located 28 miles past Copala on Hwy 40.

The Tufted Jay Nature Preserve:

A 10,000 acre conservation easement in the pine and oak forests of the Sierra Madre Mountains provide a home to the Tufted Jay – one of the most sought after species by bird watchers worldwide. The emerald conifer forests are an excellent way to spend a peaceful day in the cool mountain air. Located another 20 km past Copala on the road to Durango.

PLACES TO VISIT – North of Mazatlan

Blue Agave Distillery (Vinata de Los Osuna):

The “Los Osuna” blue agave company is nestled under two ancient, enormous *huanacaxtle* trees. Complimentary blue agave tequila is provided, so best to choose a designated driver. Take Hwy 15 north to the 11 km mile-marker and turn left. The distillery is 14 km from the turn-off (about 6 km before you reach La Noria).

La Noria:

Nestled among the hills, La Noria is known for it's honest and hard-working citizens. The town hosts leather and iron craftsmen making sandals, belts, saddles, machetes, knives, clay pottery, and piñatas. There are several excellent local restaurants to visit, as well as a colonial-style church. Take Hwy 15 north to the 11 km marker and turn east. La Noria is another 20 km from the turn-off.

El Quelite:

This quaint colonial town is located about 15 north of Mazatlan on the old Highway 15. Two restaurants provide a variety of true Mexican cuisine; one is located on the main street and the other, *El Meson de Laureanos*, just around the corner hosts an outdoor garden environment. The colorful tile-roofed homes line the cobblestone streets. A traditional bakery with adobe ovens and a cheese factory are great places to stop and buy a treat to bring back with you.

Las Labradas:

Las Labradas hosts a unique beach with more than 400 hieroglyphs in the black volcanic stones, remnants of the pre-colonial, indigenous ancestry. Spring Equinox is observed with an ancient ceremonial observance. Several restaurants are open daily. Take Hwy 15 north from Mazatlan to the 51 km marker (make a U-turn as you exit from the southbound lane) and turn west on Hwy 2 toward Dimas Station.

*****Please schedule a tour for access to the petroglyphs.*****

Cruz de Elota – Turtle Sanctuary: (Distance 47 miles)

Taking Hwy 15 north on the *cuota* from Mazatlan, exit at 89 km marker to 'La Cruz de Elota'. Make a U-turn and go west 4 km on Hwy 4 to Playa Ceuta to find the Turtle Sanctuary. There are a couple of good seafood restaurants at the Turtle Beach Sanctuary. In La Cruz, visit the train station and charcoal ovens.

Vado Hondo Canopy Tour

Located 20 km north of El Salto Lake in the Sierra Madre Mountains, experience the "zip line" thrill through enormous trees and view the terraced waterfall as the cool water cascades down the hillside.

Cosala:

Cosala is the pride of Sinaloa. This is the legendary mining zone of Our Lady of Candelaria, the Green Macaw Sanctuary and a classically constructed church. Cosala is one of Mexico's elect "*Pueblos Magicos*".

MARINA MAZATLAN RULES AND REGULATIONS

This is a summary of the “Internal Operations Regulations for Marina Mazatlan” for Non-Mexican Cruisers

- Marina facilities and services are for marina clients – ONLY – as contracted.
- Land access to the Marina is open to the public.
- The gangways to the moorage is not open to the public. Access must be authorized by Marina Manager.

Registration: All vessels must register with Marina Office within 24 hours and provide documentation.

Failure to comply will result in denial of services and vessel will be required to depart Marina.

Required Documents: **(Fine for non-compliance may be assessed)**

- Ownership certificate or signed permission letter from the vessel owner
- International Clearance papers stamped by proper authorities
- Temporary Import Permit
- Crew List with copies of Passports and Visas for all occupants aboard vessel
- Boat liability Insurance (current)
- Name of Vessel and Home Port shall be painted on the bow or stern of vessel

Rights of Vessels:

- Berthing of vessel in assigned slip according to length and breadth for as long as desired
- Disembark crew, guests, and portable gear. (Harmful or dangerous materials require written permission from Marina Manager)
- Request relocation when security, sanitation, or hazardous conditions are perceived
- Use of energy terminals (following signed contract with Marina Manager)

**** Note: Authorization from Marina Manager is required to allow third party-use of vessel or marina.**

Obligations of Vessel Owner/Captain: **(Fine for non-compliance may be assessed)**

- Submit vessel documentation within 24 hours of arrival
- Respect facilities and other vessels
- Keep watch for safety of vessel, gear, and supplies and be able to maneuver vessel as needed.
- Utilize slip properly, maintain area in good condition (as received)
- Be responsible for incurred damages or harm to facilities and slips
- Abstain from handling, storing, or keeping on the dock or in the dock box any flammable materials or substances harmful to human health, sea life, or land fauna.
- Respect all posted signs (including speed limits ... on water and grounds)
- Request a “Visitor Pass” for any and all visitors to the docks
- Maintain vaccination certificates for any pets on board vessel. All pets, off boat, must be kept on a leash.
- Pay all Marina fees in a timely manner
- Prior to departure, pay all Marina fees and obtain a “Paid in Full” statement from Marina Manager
- Ensure vessel is properly moored, having bumpers and protection against possible collision not to affect adjoining spaces
- All captains and crew are obligated to assist marina personnel as requested

Vessels in Transit: Arriving/departing vessels in transit must request in advance any desired services from Marina Manager

Moving the Vessel:

- If Marina Manager determines a vessel must be moved, another slip will be assigned and owner/captain notified.
- In case of absence, owner/captain authorizes emergency or security personnel to maneuver the vessel whenever sinking or fire hazard or criminal activity exists. Marina accepts no responsibility for any damages incurred.
- Vessels found in an unauthorized slip will be removed. All risks and costs will be borne by the owner/captain. If this action is repeated, access to facilities may be denied temporarily or permanently.

MARINA MAZATLAN RULES AND REGULATIONS

Prohibitions: (Fine for non-compliance may be assessed)

Vessel owner/captain and crew are strictly forbidden to:

- Access or use facilities while intoxicated;
- Use or sell any kind of illegal drugs,
- Place on docks – motors, dive tanks, boxes, chairs, small boats, or any kind of equipment. Only hoses and ladders/steps to board vessel or clean vessel are allowed.
- Make modification to Marina installations. Notify Marina Manager if breakdowns or deterioration exists.
- Berth vessel in a slip without Marina Manager's consent
- Bathe on the dock or be naked anywhere in Marina
- Swim – Play – Fish on docks or in traffic channels of Marina
- Vessels may not block channels
- Rent vessel without permission of local authorities and Marina Manager
- Conduct mechanical, carpentry, painting, fiberglass activities while in slip. Marina Manager will ascertain if activity may damage installation or bother other vessels and may require vessel be moved to shipyard for repairs.
- Vessel may not stay at Marina without current liability insurance.
- No lighting of fires or bonfires or the use of unprotected flame lamps
- Waterskiing–Windsurfing–Jet skiing–Sailing is not permitted in the dock area or channel traffic area
- No dinghies, jet skis, windsurfers, or any other floating object may be left beside the vessel; these may be kept at the bow or stern, not to exceed the length of the vessel.
- Dock may not be obstructed with any part of the vessel (ie; bow, swim platform, etc.).
- Vessel may not project more than 3 feet into traffic channel.

Environmental Prohibitions: (Fine for non-compliance may be assessed)

It is strictly forbidden to:

- Discard objects and materials of any kind into marina water (ie; oil, trash, bottles, plastic bags, etc.)
- Owner/captain is responsible for keeping dock and sea area surrounding vessel clear of debris. Debris should be put into plastic bags and disposed in garbage containers. All discarded oil must be disposed of in provided containers.
- All residue from fish cleaned on docks must be placed into waste containers and disposed of outside of the Marina.
- Vessel toilets may not be used without holding tanks
- Waste water tanks and holding tanks may not be discharged in the Marina area.
- Harmful, dangerous, flammable or explosive materials must be maintained appropriately aboard vessels
- Loading, unloading, or transfer of fuel or fuel lubricants in containers may not be performed while vessel is moored in the slip. All vessels staying in Marina must be maintained in good appearance, floatable, reliable, and safe.
- In case of owner absence, a person must be designated who can be contacted in case of emergency.
- Engine "Try-Outs", use of battery chargers, generators, etc., that create significant noise may not be utilized during the hours of 9:00 pm and 8:00 a.m. (Exception: If there is a power failure at the dock, a vessel may employ the use of an onboard generator)

Speed Limits: All vessels must be equipped with a working engine.

- The maximum speed in the Access Channel, Marina Harbor, Traffic Channels is 3 knots per hour or 5.5 km per hour. **Please keep in mind the wake you make will impact vessels in slips.**
- Sailing is prohibited in all Access areas.
- The maximum speed for motor vehicles (cars, trucks, etc.) in the Marina area is 15 kmph or 10 mph

Damages: Any damages to marina facilities by vessel or by user's agent will be repaired by the Marina and charges assessed to vessel owner.

Mexican Flag: All boats regardless of nationality will have a Mexican Flag flying on vessel.

MAZATLAN

Mazatlán is the second largest city in the state of Sinaloa, Mexico with a population of more than 450,000. It is located at 23°13'N 106°25'W on the Pacific coast, across from the southernmost tip of the Baja California peninsula.

Mazatlán is a Nahuatl word meaning "place of the deer." The city was founded in 1531. By the mid-19th century a large group of German immigrants had developed Mazatlán into a thriving commercial seaport, importing equipment for the nearby gold and silver mines. Mazatlan served as the capital of Sinaloa from 1859 to 1873. The German influence is seen in the banda music. They also instituted the production of beer at the Pacifico Brewery in 1900. Mazatlán is Mexico's largest commercial sea port, known as the "Shrimp Capital of Mexico".
